

PRINTING AND ASSEMBLY

1. Print all four pages using Actual Size or 100%. Do not select Fit to Page.
2. Cut out each 6 x 6 inch pattern square along the outside cutting line.
3. Arrange the four pattern squares in a 2 x 2 grid:
 Page 1 Page 2
 Page 3 Page 4
4. Align the adjoining design lines carefully so the pattern continues smoothly from one square to the next.
5. Tape the pages together from the front or back.
6. The assembled pattern will measure exactly 12 x 12 inches.

Reminder: Your board may not measure exactly 12 x 12 inches. Center or adjust the assembled pattern on your board as needed.

Tracing and painting instructions are included on the separate instruction sheet.
